

# **Arrangement on the agenda of the 4<sup>th</sup> General Assembly**

## **Overview**

The 4<sup>th</sup> KoLFACI General Assembly (hereinafter GA) will be held in writing in accordance with KoLFACI Official Letter No. 23-04.

KoLFACI GA will collect signature of consent from the Member States on the agenda. The results of GA will be reflected in the operation of the KoLFACI over the next three years.

## **Agenda I Agreement to the election of the New Chair Group.**

**1.** In accordance with the Regulation for the GA of KoLFACI (hereinafter KoLFACI Regulation), KoLFACI's Secretariat recommended the New Chair Group in alphabetical order, and the countries and representatives accepted the chairmanship position, and the contents are as follows.

1.1. Chair: Edgar Esteche, President of Paraguayan Institute of Agrarian Technology (IPTA)

1.2. Co-Chair: Chae-ho Cho, Administrator of Rural Development Administration

1.3. Vice-Chair: Jorge Juan Ganoza Roncal, President of National Institute of Agricultural Innovation (INIA)

2. The new Chair may convene, open, and close the GA, approve the records of the GA, and stipulate matters such as resolutions and holding the next GA.

2.1. The other roles of the New Chair Group (Chair and Vice-Chair) are in accordance with KoLFACI Regulation.

3. In principle, the next GA will be held in Paraguay, the new chair country, but it will be confirmed after consultation with Secretariat later.

## **Agenda II Consent to new project and the extension of the Cacao project**

1. We agree to the additional implementation of one multilateral project for the development and dissemination of agricultural technologies and training to cope with climate change.

<b>Project</b>	<b>Main Contents</b>
Research on optimal farming methods to reduce greenhouse gas emissions in Latin America  (‘22. 3. ~ ‘25. 2.)	1) Baseline survey of agricultural environment by country and selection of cultivation method to reduce greenhouse gas emission  2) Measurement of greenhouse gas emission factor by selected cultivation method.  3) Creation of optimal cultivation model to reduce greenhouse gas emissions

1.1. The five Member States participating in the project will include Colombia, El Salvador, Guatemala, Honduras and Nicaragua, where CIAT will be Project Coordinator.

2. We agree to extend the period of 「enhancement of cacao production through the use

of improved germplasm and selected climate smart agricultural practices」project by one year to analyze accumulative data and to produce scientific results.

Project	Key Changes
Enhancement of cacao production through the use of improved germplasm and selected climate smart agricultural practices ('17. 7 ~ '23. 12)	1) End of project: '22. 12. 31. → '23. 12. 31. 2) Budget ('23): \$275,000 3) Contents: Producing results based on scientific data and improving project performance

As proof of this, the parties sign this Arrangement online.
